

**1800 Series
Under Shelf Task Light
Glass Tube LED**

Our 1800 series task light was designed to exclusively use the Direct Drive T8 Glass Tube LED. The T8 Glass Tube LEDs are more economical than the strip LEDs which require separate driver.

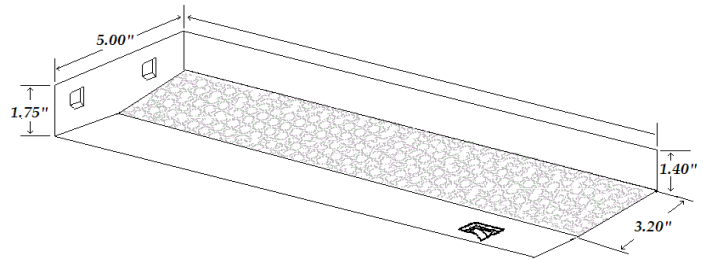

Benefits of T8 GTL

- * Up to 45% Less energy required to illuminate.
- * Lamp life is 50,000 hours or nearly 16 years, based on 12 hours/day, 5 days a week.
- * The definition of Direct Drive is no ballast or LED driver required.
- * The Glass Tubes are multi voltage, which means they can be used worldwide.
- * The GTLs are shatter-proof, this eliminates lamp breakage during shipment.

Standard Product Specifications:

- * T8 Glass Tube LED 4000 K
- * 20 gauge steel construction
- * Powder coat finish
- * 9 ft Black Cord (Right Hand cord exit)
- * On / Off rocker switch (right)
- * Pattern 12 acrylic prismatic lens
- * One set of mounting rails for metal shelves, or 1 set of screws for wood shelves
- * One cord management clip
- * **Five year warranty on fixture**

Product Information
